February 19, Share The standard approach to data modelling is not fit for purpose for Business Intelligence workloads. These Hadoop limitations have not gone unnoticed by the vendors of the Hadoop platforms. Sowhat are our options on Hadoop? Find us on Spotify Stitcher or TuneIn. In the course I go into the details and explain how the data warehouse is as relevant as. For now, this is a pure human skill, but AI is catching up fast. Soseriously, if you win, what would you ask Richard Branson if you had a few million? This is very different from Hadoop based systems. We are happy that you have found your way here .
