This was a choice consciously made by the European leaders of the time to bring peace and stability, and reduce the possibility of future conflicts and wars in Europe. This is partly related to some countries preferring bilateral agreements over regional ones, which, in a way, clarifies the positions of all states. Israel and Lebanon, and Turkey and Greek Cyprus are recent examples of such disputes. The U. In addition to Cyprus, Greece, Turkey and Egypt, Israel and Lebanon are. Thus the only non-disputed Greek Cypriot blocks, according to Turkish claims, are 10 and Hay Eytan Cohen Yanarocak. Nevertheless, Greece, Cyprus, and Israel also carry some of the blame for isolating Turkey. Nevertheless, the Cyprus question, disputes over the delineation of the EEZ appeared to take clear precedence over economics; economic cooperation seemed stillborn.
