Colorado's Wildland-Urban Interface - Colorado State Forest Service

Wildland Urban Interface (WUI) toolkit helps county commissioners to fortify and protect their communities from the high severity impacts of wildland fire.

NFPA report - Wildland/Urban Interface

Wildfire Protection in the Wildland-Urban Interface. Congressional Research Service. Summary. Congressional interest in funding to protect.

NFPA report - Wildland/Urban Interface

Wildfire Protection in the Wildland-Urban Interface. Congressional Research Service. Summary. Congressional interest in funding to protect.

A Perspective on Fire Protection in the Wildland/Urban Interface As you know, drought-stressed forests are especially vulnerable to wildfire as well as to.

A Handbook for Wildland-Urban Interface Communities. Sponsored By: Community Wildfire Protection Plans may address issues such as wildfire response.

The Wildfire paradox reinforces the ideology that forest fires are . Once a wildland fire reaches an urban interface it spreads into the Rep., California Department of Forestry and Fire Protection, Berkeley, CA, USA ().

These WUI growth trends will exacerbate wildfire problems in the future. The wildland-urban interface (WUI) is the area where houses and wildland . because more houses had to be protected and more residents had to be.
