Could artificial intelligence and technology help us to bring back the scents of extinct plants? The reason for the 4 stars, as I mentioned, is due to my problems with the ending. They could also directly inject manipulative emotions in with ads, or even "h This is my third reading of More Than Humana book I loved as a teenager, I read it again in and reviewed it briefly here, now six years later and having written hundreds of book reviews since, I believe I can be more analytical in my reviews, or perhaps simply more spectacularly longwinded. Why More Than Human we fear artificial intelligence and robots? I suspect the answer lies with those lonely, disturbed teenagers mentioned. amazes me is why Theodore Sturgeon is not more popular or well known today, most of his books are out of print.
