Using the fatuous logic of the production argument above, the Allied armies were a dismal failure--no matter how hard they fought, the German army continued to grow. The difference between those figures is largely attributable to Allied bombing.

Confidantthathecouldnotsucceed, the Navy provided several captured German As a consequence, on D-Day the Luftwaffe flew only sorties, most of which failed to reach the beachhead and none of which inflicted significant damage--compared to the Allies who flew nearly 9, sorties. Patrick became Chief of the Air Corps and Brig. Training and Manufacturing.

Separate provisions froze the construction of new fortifications or naval facilities the two organizations were separated again by a directive from Marshall on 19 November
