Mark Dice. Poor nations fear limits on their efforts to grow economically and meet the needs of their own people, while powerful industrial nations, including the United States, refuse to curtail their own excesses unless developing countries make similar sacrifices. Guy Edwards. David Kyle. Technology and Culture. Agricultural Expansion and Tropical Deforestation. Trouble in Paradise. Sara R. Each chapter introduction includes new statements about learning objectives to facilitate student understanding of key concepts and their applications, arguments advanced over environmental challenges and policies, and the goals and methods of environmental policy analysis.
