Using my syntactic analysis of the inflected infinitive from chapter two as a background, I will study the descriptions provided by previous linguists and grammarians for the distribution of the infinitive in Portuguese and Galician and demonstrate how these attempts have failed to capture the necessary condition for the inflected infinitive in these languages. Our BookSleuth is specially designed for you. The sequence of infinitives indicates a multiclausal structure wherein each infinitive is the final predicate of a separate clause. Supportforothermobilebrowserstocomeinthefuture. For Previous accounts of the distribution of the inflected infinitive 33 example, it does not explain why the inflected infinitive would co-occur with overt subject pronouns. With the disappearance of final -m and -t in Vulgar Latin, the sentence mandavit ut facerem was identical to the infinitive construction mandavit facere; facere was felt to be an inflected form of the first or third person Podería falar de nubes (Galician Edition), and therefore could become inflected in the other persons and spread its use to other infinitive constructions regardless of mood or tense. The optional occurrence of the inflected infinitive in these constructions correctly follows from the condition stated in 21 that the inflected infinitive must be the final predicate of its clause.

Theacceptabilityoftheinflectedinfinitiveinthesebiclausalconstruct both 26a and 26b the clitic is cliticized to the modal verb

quer. Other explanations of this construction include ellipsis.
