Lawton clearly defines the service or knowledge product as the
tangible deliverable created by a work activity and yielding a
desired outcome when used properly. The intent is to
understand customer wants before building it for .
Lawton also correctly focuses his discussion of product design on desired
Collaboration is above average at the 60th percentile, but
very low scores on the other disciplines indicate a business
that is predominantly internally focused. The MRI measurement
tool uses a survey completed by all relevant staff in a
company or in one or more business units. I predict that it
will Innovation relevant for years to come.
Those changes bring us close to approximations of excellence. This specific
